

Fall Season 2024

Outdoor Play Time!

Except in extreme temperatures or severe conditions, we try to play outside everyday. Please be sure your child is dressed for outdoor play. This includes hats, gloves, snow pants and boots. Also please make sure your child has a complete set of extra clothes in their lockers.

If your child is well enough to attend daycare they are well enough to participate in all activities including playing outside!

Upcoming Events!

PICTURE DAY!!

Friday September 13th!

FALL FEST

Thursday October 3rd

VISIT FROM THE WHEELING FIRE DEPARTMENT DATE—TBD

HALLOWEEN PARTY THURSDAY OCTOBER 31ST!

How can I help my child **SUCCEED** in school?

Stay involved and feel free to contact your child's teacher with any questions or concerns.	Ask your children about school and encourage them to talk about their day.
Do not talk negatively about your child's teacher or school.	Read with your child every night.
Make sure your child is getting plenty of sleep and is ready for school each day.	
Help your child with his/her homework every night.	Teach your children to be responsible for their actions and their schoolwork.

OCTOBER IS FIRE SAFETY MONTH-

- **Make an escape plan**

It is important to have a plan when there are children in your home. Children sometimes need help getting out of the house. They may not know how to escape or what to do unless an adult shows them.

- **Have a plan for young children who cannot get outside by themselves.** You will need to wake babies and very young children and help them get out. In your plan, talk about who will help each child get out safely.
- **It is important to find two ways out of every room in your home,** in case one exit is blocked or dangerous to use.
- **Choose a meeting place outside your home.** Children should know what to do when they hear a smoke alarm and there is no adult around. Help them practice going to the outside meeting place. Teach them to never go back inside a building that is on fire.
- **Keep children safe from fire and burns**

Some children are curious about fire. There are simple steps you can take to keep you and the people you love safer from fire and burns.

- **Keep children 3 feet away from anything that can get hot.** Space heaters and stove-tops can cause terrible burns. Keep children at least 3 feet away from stoves, heaters or anything that gets hot.
- **Keep smoking materials locked up in a high place.** Never leave cigarette lighters or matches where children can reach them.
- **Never play with lighters or matches when you are with your children.** Children may try to do the same things they see you do.

SO LONG SUMMER ...
